UFO CONFERENCE Pennsylvania leads the Nation in UFO Sightings

"UFO's . . . Seeing is Believing". The Pennsylvania Mutual UFO Network will present it's 3rd Annual UFO Conference's on Saturday, October 9th, 2010, from 8am-5pm at the Sheraton Hotel, 400 Oxford Valley Rd., Langehorne, PA 19047 and on Saturday, October 16th, 2010, from 10am to 6pm at the Westmoreland Community College, 145 Pavilion Lane, Youngwood, PA 15697.

Pennsylvania has been the epicenter of the world's largest UFO wave since the summer of 2008. There have been over 650 UFO reports filed with MUFON from Pittsburgh to Philadelphia over the past two years. John Ventre, the Pennsylvania State Director for MUFON, stated, "We're getting clusters of sightings from every town from Pittsburgh to Philly along the southern half of the state. We have 151 reports in the Pittsburgh-Westmoreland County area and 355 in the Philly area. I get reports of UFO's coming in from Lake Erie in Ohio and across Wheeling, West Virginia into the Pittsburgh area and they are seen minutes later on the Eastern part of the state."

The Conference will present a combination of expert Paranormal, Abduction and UFO speakers.

Speakers include Richard Dolan who has written numerous books on the government cover-up, Bill Birnes of UFO Hunters, Budd Hopkins on Abductions, Kathleen Marden on Betty and Barney Hill, Peter Robbins who investigated the Rendlesham Forrest UK incident, John Ventre of the Mutual UFO Network, Stan Gordon will present Kecksburg then and Leslie Kean who sued NASA will present Kecksburg now on the 45th anniversary.

"The quality of speakers at this Conference rivals the larger, pricier conferences that take place around the country", said Ventre.

Professional presentations and vendor tables will highlight this conference in an academic setting. "We also have a few surprises for the audience and they are not Halloween tricks", said Ventre.

Admission prices are \$20 in Pitt and \$30 in Philly. Advance orders and the Conference agenda can be obtained at John Ventre's website at www.johnventre.com or www.mufonpa.com. John Ventre can be reached at tel: 724-836-1266 or at jventre1@comcast.net.

The Mutual UFO Network was founded in 1969 after the US Air Force concluded their 17 year Project Blue Book study of UFO's and concluded that UFO's are not a threat to National Security. "They never said UFO's don't exist. There is overwhelming evidence that they do. I believe this is an aviation safety issue. The only reason there are not more collisions is because of their ability to maneuver, not ours", said Ventre.

MUFON has 2700 members worldwide and over 900 certified investigators. The Pennsylvania MUFON branch has 129 members and 21 certified investigators. Anyone interested in joining MUFON can speak to John Ventre or one of the many investigators that will be at the conference from PA, WV, NY, NJ and Ohio. "One thing I know from conducting my investigations: if you've seen one, you believe", said Ventre.
